### Third section - 2018 turnover

In this section, you are invited to complete two types of turnover.

#### **Turnover generated in Belgium in the field of electronic communications networks or services.**

in euro, with two decimals

Are these activities conducted with a profit-making objective?

If you want a reference mentioned on the invoice (e.g. purchase order number...), please mention it below: :

**Legal basis: Article 8, § 1, of the Royal Decree of 7 March 2007 on the notification of electronic communications services and networks.**

“The relevant turnover is the turnover generated in Belgium<sup>1</sup> in year t-1 in the field of electronic communications networks or electronic communications services, excluding the turnover relating to the activities described in Article 8, §2.

The operator shall communicate to the Institute the relevant turnover of year t-1 by 30 June of the year t.

The operator provides all information justifying the amount declared, upon simple request of the Institute.

In case of absence of communication or of incomplete, erroneous or fraudulent communication of the data useful for determining the relevant turnover, or if the requested information is not transmitted, the Institute may use any available data – including the operator's global turnover – to determine the amount of the annual fee.” (Free translation)

#### **Turnover of the retail activities conducted in Belgium regarding electronic communications**

in euro, with two decimals

If you want a reference mentioned on the invoice (e.g. purchase order number...), please mention it below:

**Legal basis: Article 45bis, §4, of the Act of 21 March 1991 on the reform of certain economic public companies**

“Companies referred to in Article 43bis, §1, of this Act shall communicate to the Belgian Institute for postal services and telecommunications, by 30 June of each year at the latest, the turnover<sup>1</sup> achieved during the previous year for each of the activities falling within the scope of the Office of the Ombudsman.” (Free translation)

This includes the activities provided to an end-user of sale or resale of electronic communications services or networks, the making, sale or distribution of a directory, the provision of a telephone directory enquiry service, the operation of electronic communications systems, the provision of cryptography services to the public, the provision of other electronic communications activities and the provision of broadcasting and/or radio transmission services
